

Our Mission

To provide a safe, supportive learning environment and to provide K-8th grade students with high-quality instruction that will educate and prepare them to be highly qualified high school and college ready students.

Our Philosophy

Our school's philosophy asserts students can reach proficiency and beyond when given the appropriate academic structure and support. We believe using standards-based instruction centered around an academic framework that utilizes small group differentiated instruction and the gradual release model will give the structure to produce a productive learning environment. Our curriculum is developed with an understanding of Ohio Learning Standards embedded in our pacing guides, and supported through instructional coaching and professional development. Using these best practices and research-based strategies for academics, students will be able to close the achievement gap. We value an academic model where students are encouraged to use higher order thinking skills and learn from error to grow at a more rapid pace. Our philosophy of education encompasses the fundamental structures of an academic framework and standards based instruction with an emphasis on using data to drive instruction. These best practices used in combination with the gradual release model, small group instruction, instructional coaching, and professional development will prove our school can close the achievement gap and reach proficiency.

Our Program

Preparing students for the future is a colossal yet exciting task. University Academy takes great pride in giving our teachers and students the tools they need to achieve success. Our curricular resources are aligned with the Ohio Learning Standards. We view these standards as the road map to direct our students to their academic goals. By using the school's curriculum and progressive technology, we equip our staff and students to reach their fullest potential. The combination of dedicated people and resources demonstrates our ongoing commitment to give each child the best possible education.

Instructional Time

Our school provided 1,043.75 hours of instruction, which exceeds the 920 hours required by Ohio Law. This time excludes non-academic activities.

Students with Special Needs

University Academy provides a nurturing, inclusionary environment. We assist in preparing students with special needs to lead independent and productive lives. A free and appropriate public education is provided to every student.

Board Members

Jean Lee
Marilyn Holley

Angela Neeley
Gwen Poole-Chambers

University Academy lost a devoted Board Member with the passing of Dr. Charlotte Burrell in August 2016. Dr. Burrell's commitment to the students, families, and educators of University Academy was unparalleled. She will be missed, but her impact and legacy will never be forgotten.

Community School Sponsor

Ohio Revised Code (ORC) 3314.03(D)(2) specifies that the sponsor of the school must "monitor and evaluate the academic and fiscal performance and the organization and operation of the community school on at least an annual basis."

Buckeye Community Hope Foundation (BCHF) bases its evaluation of school performance on each of the State required indicators and performance measures listed in the charter contract. BCHF monitors the performance of the community school thru attendance at board meetings, bi-monthly visits to the school, monthly reviews of financial reports and quarterly reviews of academic progress reports along with a number of other reports relative to the schools performance. Buckeye Community Hope Foundation served as the sponsor for (Name of Your School) during the 2016-2017 school year, and found the school substantially compliant with the rules and regulations governing community schools in two areas and progressing towards compliant in academics.

All community school sponsors are required to submit a written report of the evaluation results of the school's academic, financial, and organization performance as well as the school's legal compliance to the Ohio Department of Education and make the report available to parents of students enrolled in the community school. As such, an Annual Report regarding the performance of this school and other schools under the sponsorship of Buckeye Community Hope Foundation will be posted on our website www.buckeyehope.org, no later than November 30, 2017.

Successful learning awaits!
